history

WE ARE DEDICATED TO THE PRODUCTION, DISTRIBUTION AND SALE OF TRADITIONAL MEAT PRODUCTS.

This is a Hermanos Sánchez Roldán family project. Our trajectory is defined by permanent attention to quality, which has allowed us to develop and considerably increase the means of production, technological capacity and client portfolio.

To do this, we have modern facilities of more than 1,300m².

Since the beginning, Sánchez Roldán has been characterized by a philosophy marked by growth.

Our center is located in Elche, with several specific rooms for the different processes of our products.

We base our philosophy on maximum quality and customer service, which is why we have a team of 30 professionals with a long history and constant training.
